

what happens when  
you believe *everything is possible?*

We can perform surgery on a baby ...

*before the baby's  
even born.*

"It's true. We can fix some problems before birth. We do it using a very small incision so both mom and baby recover quickly. We just love it when these babies are born healthy." **Dr. Ed Yang** is co-director of the St. Louis Fetal Care Institute of SSM Health Care and a world-renowned fetal surgeon. To learn more, go to [ssmhealth.com](http://ssmhealth.com). To find an SSM doctor who's right for you, call **866.SSM.DOCS**.
