Perinatal Outreach Education

STABLE
Post-resuscitation and pre-transport stabilization of sick newborns

March 20, 2018
HSHS St. Joseph's Hospital
Breese, IL
Course details

Date
March 20, 2018

Time
8 am - 4:30 pm

Place
HSHS St. Joseph's Hospital
9515 Holy Cross Lane | Breese, IL 62230

Reminder: The classroom temperature varies. Please bring a sweater or light jacket with you to ensure your comfort.

Program goal
STABLE is based on extensive literature review, research and input from nurses, respiratory therapists and physicians. The goal of the STABLE program is to provide a concise guideline for neonatal pre-transport stabilization activities to be used by community hospital caregivers.

Primary audience
Staff working in labor and delivery, postpartum, Level one, two or three nurseries and emergency departments who may be involved with unexpected deliveries of sick and/or premature infants.

Learner manual
The learner manual is included with the STABLE course fee ($65) or can be ordered at the following websites:
stableprogram.org
aap.org/nrp
