

SPECIAL NEEDS FORM

We are required by Wisconsin State licensing laws and SSM Health Child Care Center minimum standards to provide supportive services for any child with special needs. **Special needs involve physical, emotional or social needs** that require professional services. Some **examples** of special needs are **impairments in speech, hearing, vision, motor ability or cognitive development**.

Please check the appropriate box below. The Director, Resource Coordinator or Primary Teacher will contact you to insure that SSM Health Child Care Center provides supportive services for your child. Thank you.

- Yes, my child has special needs.
- No, my child has no special needs.

Child's Name

Parent/Guardian Signature Date
