

Grand Boulevard regional pediatric hub

A unified campus bringing together cutting-edge facilities, specialists, and services to elevate pediatric care across the region. Centrally located with easy transit access, walkable design, and convenient parking to better serve families across the region.

Pediatric outpatient pavilion

Expanding access, strengthening connections

Brings specialized pediatric services closer to families while remaining tightly integrated with hospital-based care.

New SSM Health Cardinal Glennon Children's Hospital

The future of advanced pediatric care

A 14-story, state-of-the-art hospital designed for the most complex cases with integrated technology and family-centered care at every level.

Advanced maternal and newborn care center

Keeping mothers and newborns together, from day one

A first-of-its-kind model that allows high-risk mothers and critically ill newborns to receive specialized care side-by-side with seamless access to academic expertise.

Coordinated academic medical campus

Connected care, powered by collaboration

Immediate access to Saint Louis University Hospital and medical school expertise ensures real-time coordination and enhanced outcomes.
